Henn na Hotel Tokyo Hamamatsucho

We have introduced state-of-the-art technology, based on the themes of pleasant sleep and health, to create a pleasant healing experience for our guests.

"Good night, good morning!" The Phiten Floor, and a medical clinic focusing on good sleep and health, is now open. Guest Rooms are designed with a calming indigo color that suggests night, and accent colors that suggest sun flares. The functionality and comfort lead guests to a good night's rest and refreshed morning.

The "Phiten Room Floor (Phiten Space Design)", incorporating AQUAMETAL technology in all guest rooms and hallways, has opened on the third floor. We have created spaces adopting Phiten technology by impregnating the area with Phiten's water-soluble metal technology AQUA TITAN. Down bedding impregnated with AQUA GOLD helps guide your body and mind to a truly relaxed state.

"ECO LUXURY" To relax body and mind from hectic city life, we use a wealth of naturally inspired materials in our hotel, while retaining an urban atmosphere. Present-day Akasaka, literally the 'red slope', was formerly known as 'Akanezaka', due to the Akane plant cultivated there and later renamed 'Akasaka'. We use the color of the leaf veins of the 'Akane' plant to decorate our reception area and guest rooms.
